

Coventry Logistics Park Development

Keeping you informed - We're progressing well

Dear Resident,

We are writing to update you on our development of three logistic units off Richardson Way.

Our team are on track to complete in August 2022.

The Development

You will have seen the buildings begin to take form over the last few weeks, as the foundations go up. Roof and wall cladding has also started.

Over the next few weeks the focus is on getting the buildings water tight and the fit-out works in the offices are underway.

The external areas are continuing to progress to maintain a clean, tidy and safe environment.

Clearing of the brook

After meeting with local residents at our neighbourhood meeting, it was brought to our attention that the local brook has been left in a state over the years of people dumping rubbish.

Careers Fair

Our team recently took part in the Stoke Park School Careers Fair, giving students the opportunity to discuss the world of work and understand the potential trainee and apprenticeship career paths in construction.

Our team on site volunteered to clear up the litter, which involved removing several supermarket trolleys.

The newly cleaned brook is now a more attractive habitat for wildlife and less likely to flood. We hope this will be more pleasant for the local residents.

Sponsorship of Team Coventry

This year we are pleased to say we are the main sponsors of Team Coventry, as Coventry hosts the International Children's Games 2022.

Over the last few weeks we have been selecting athletes to join the team and will soon begin training ahead of the big event.

"I'm over the moon that Team Coventry now has a sponsor. Bericote and Glencar Construction are great organisations that are really interested in educating each member of Team Coventry on their industries." Cllr John Mutton, Team Coventry Chair.

Site Working Hours

Monday – Friday:
07:30 – 17:00

Health and Safety

No H&S incidents have occurred since works commenced.
